Project Title: Muhammad Ali Website

I'd like to build this site as multiple pages with typical site navigation across the top. I think there is plenty of content and photography to build out individual pages.

Home Page/Introduction – Introduce Emory Douglas and his work using copy from the Wiki page intro with a large size eye-catching typographic treatment.

Early life and education

Black Panther Party

Later activism

Exhibitions, books - this page will list Douglas's exhibitions and books

Sources – this page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
